

# Programme Handbook 2026

*Dalhousie University - Ghana College of Physicians and Surgeons Programme*

## Programme purpose

This handbook summarises the academic, clinical and administrative expectations for programme participants.

## Participation

Participants should attend scheduled tutorials, complete assigned preparation and record learning activities on their dashboard.

## Assessment

Progress is reviewed through attendance, supervised clinical work, tutorial engagement and programme assessments.

## Support

Questions should be directed to the programme administration team or the relevant faculty lead.
